

ClearBridge Technology Group Ranks Among Highest-Scoring Businesses on Inc.'s Annual List of Best Workplaces for 2026

Annual list recognizes the businesses that set the standard for workplace success and awards excellence in company culture

[Billerica, MA] June 2, 2026, ClearBridge Technology Group is proud to announce it has been named to Inc.'s 2026 Best Workplaces list. The list, which can be found at Inc.com, honors American companies that have built exceptional workplaces and vibrant cultures that support their teams and businesses, whether in-person, remote, or hybrid.

The award is the result of a comprehensive evaluation of hundreds of applicants. The process involved a detailed employee survey conducted by Quantum Workplace that covered critical elements, including management effectiveness, perks, professional development, and overall company culture. Each company's benefits were also audited to determine the overall score. ClearBridge is honored to be included among the 507 companies recognized this year.

"We're honored to be recognized by Inc. as one of the nation's Best Workplaces for the third consecutive year," said Joe Wetmore, Co-CEO of ClearBridge Technology Group. "Our success is driven by an exceptional team of talented, dedicated professionals who embody our culture of excellence, collaboration, and continuous growth. We remain committed to fostering an environment where employees can thrive both personally and professionally."

"The culture we've built at ClearBridge is one of our greatest strengths," added Tim Powell, Co-CEO of ClearBridge Technology Group. "Our people-first approach has been fundamental to our growth and success, enabling us to attract, develop, and retain outstanding talent. This recognition reflects the commitment of our entire team and reinforces our dedication to creating a workplace where employees feel valued, supported, and empowered to succeed."

"This year's Best Workplaces list goes beyond great company culture; it highlights companies making meaningful and sustained investment in their employees," says Bonny Ghosh, editorial director at Inc. "Even in a labor market that favors employers, these companies understand that an intentional and authentic commitment to their teams drives stronger employee retention, engagement, and ultimately, a stronger business overall."
